## SYNTHETIC STONE FINISHES

# SAVE BIG \$\$\$ ON NATURAL STONE!!!!

BEFORE

AFTER

Do you want a natural stone look without having to pay the high price of replacing? Then SYNTHETIC STONE FINISHES is perfect for you. This finish appears like the most popular natural stones, such as granite and corian, at a fraction of the cost of replacing. As it is applied, the finish forms a tough, durable surface that provides an updated decorative look. Our synthetic stone finishes can make countertops, vanity tops, ceramic tile, and more, look like real stone! Problems with stained grout? NO PROBLEM! This finish is non-porous and helps eliminate the likelihood of mold and bacterial growth making the surface safer for your family and guests. If you are interested in a natural stone look that is elegant, inexpensive, and low-maintenance, then choose Artwork Refinishing for your decorating needs, For more information call today!
